

LES PIEDS DANS LE VIDE

Free Fall is a “Surprising, refreshing film with a big dose of adrenaline”. Charles, Rafael and Manu spend the summer between the earth and the sky. Charles owns a skydiving centre. Rafael is a dare-devil who dreams of becoming a pilot. A love triangle puts their friendship to the test and as Rafael starts to take greater and greater risks in the air, all three are led to the biggest event of the summer; an illegal jump from one of the city's tallest buildings.
